PERMIT TO TRANSFER FLUORESCENT TUBES AND OTHER MERCURY-CONTAINING WASTE

By virtue of the powers conferred by the Waste Regulations (S.L.549.63), the Environment and Resources Authority hereby grants you a permit to transfer fluorescent tubes and other mercury-containing waste classified under EWC 20 01 21\*. The waste shall be transferred from All businesses and commercial users as per Annex 1 to WEEE Recycle 4U Company Ltd. bearing permit number IP 0006/13 for R 13.

This permit is being granted, subject to the following conditions:

- The consignee has a valid permit to operate as a waste management facility;
- The waste shall be sealed and labelled, indicating the original generator and date of disposal;
- Waste shall be handled cautiously during transfer and disposal;
- The containers shall be enclosed in a vehicle compartment so as to prevent escape of waste during transfer;
- The waste is to be carried in an appropriately registered vehicle according to Waste Management (Activity Registration) Regulations, 2007 (S.L. 549.45);
- This permit is granted saving third party rights. The Permit Holder is not exempt from any other regulations, permits, conditions or requirements imposed by the ERA including those under S.L. 549.89 (WEEE Regulations) and S.L. 549.54 (Batteries & Accumulators Regulations), or any other competent authorities, including requirements from Transport Malta under S.L. 65.22 (Motor Vehicles Regulations);
- You may appeal from this decision to the Environment and Planning Review Tribunal in accordance with Article 63 of the Environment Protection Act and with the provisions of the Environment and Planning Review Tribunal Act.

This permit is valid from 01/10/2022 to 01/04/2023, provided that each consignment is covered by relevant consignment notes (CN).
