Permitted Activities

1. The Registration Holder is authorised to carry out the activities and the associated activities specified in Table 1.

Table 1.		
Activity	Description of specified activities	Limits of specified activities
Waste broker	Waste broker activity as per Activity 39 of Schedule 1 of the Waste Management (Activity Registration) Regulations, 2007 (S.L. 549.45).	Any undertaking arranging for the recovery or disposal of waste on behalf of others, including such activities which do not take physical possession of the waste. Activities include but are not limited to, the arranging for the collection, recycling, recovery or disposal of waste on behalf of another person.

Conditions of Activity/Work

2. The Registration Holder is responsible to ensure that all reasonable precautions are taken so that the activity conforms to the conditions in this Registration and the procedures outlined within the Registration application.
3. The conditions imposed in this Registration shall be adhered to throughout all the activities. Failure to do so may result in enforcement action and cessation of any related works or activities.

4. The Registration Holder is permitted to carry out transactions on all wastes, as listed in the European Waste Catalogue (EWC) as per Commission Decision 2000/532/EC and having hazardous codes (if applicable) as listed under Schedule 3 of the Waste Regulations, 2011 (S.L.549.63).
5. The Registration Holder shall ensure that waste transfers and shipments carried outside Maltese territories are covered with the necessary permits as required under Council Regulation (EC) No 1013/2006 of the European Parliament and of the Council of 14th June 2006 on shipments of waste.
6. The Registration Holder shall maintain adequate records at the registered office of each waste management activity/ transaction. Such record shall include:
 - a. Details of the waste producers;
 - b. A description of the waste;
 - c. Its equivalent EWC code as per Commission Decision 2000/532/EC;
 - d. Its pertaining H code (if applicable) as listed under Schedule 3 of the Waste Regulations, 2011 (S.L.549.63);
 - e. The waste quantities as per EWC code;
 - f. The originating source of the waste;
 - g. Information on waste handling, packaging, containment and storage undertaken;
 - h. Information on the frequency and method of transportation and details of the waste carriers engaged;
 - i. Information on the waste management facilities to which such waste was consigned and details of the waste managers engaged; and
 - j. Associated dates when the above listed activities were carried out.
7. The Permit Holder is obliged to inform ERA of each shipment in writing (through e-mail on ceu.shipments@era.org.mt) at least 3 full-working days prior to commencing loading of waste. This communication shall include the following information for each shipment:
 - a. Details of the waste producer including a copy of the contract between the notifier and waste producer (if applicable);
 - b. Date and time of loading;
 - c. Place of loading;
 - d. Container number;
 - e. Details of shipping agent (if applicable);
 - f. Name of vessel;
 - g. Scanned copy of Movement Form/Annex VII;
 - h. If more than one EWC code is listed in the same Movement Form the quantity for each waste stream shall be provided separately (if applicable).
8. All movement Forms which shall fulfil this obligation within the above stipulated time period. The ERA shall not be held liable for any delays or cancellation of shipments due to late, wrong or incomplete information.
9. The Registration Holder shall keep the records listed under condition 6 for a minimum period of 5 years. These records must be made available for inspection upon request by an authorized ERA Official.
10. The Registration Holder shall submit the data of the total amount of waste collected as per condition 7 above of the previous calendar year (January - December) to ERA by not later than the 31st March of the subsequent year. Data may be sent either through e-mail

on ced.reporting@era.org.mt or via conventional mail. Not applying for a renewal of this Registration does not exonerate the Registration Holder from providing this data.

11. The Registration Holder shall ensure that hazardous wastes transferred within Maltese territory or waters are accompanied by a hazardous waste consignment note and a valid hazardous waste consignment permit issued by ERA. The Registration Holder is also bound to ensure that the waste is adequately described on the waste consignment note.
12. The Registration Holder shall ensure that engaged local and foreign waste management/processing/disposal facilities/sites are authorized and in possession of a valid Environmental Permit or Waste Management Permit to receive and manage the particular waste under consideration. No temporary interim storage of waste on any site shall be allowed unless this site is already covered by an Environment Permit or a Waste Management Permit issued by the Authority.
13. The Registration Holder is responsible for the proper management of the waste before its transfer.
14. In the case of the export of waste, the Registration Holder shall ensure that the waste is loaded onto containers at the site of generation and is transported directly to port of dispatch.

General Conditions

15. ERA may inspect and monitor the activity at the expense of the Registration Holder at a rate and arrangement communicated by ERA's Compliance and Enforcement Directorate to ensure the safeguarding of the natural assets. ERA may also appoint other on-site monitors at the expense of the Registration Holder to act as an on-site liaison between the Registration Holder and ERA if the case arises.
16. The Registration Holder shall notify the following matters to the Authority in writing at least 10 working days prior to their occurrence:
 - a. Any change in the Registration Holders' trading name, registered name or registered office address;
 - b. Any change to particulars of the Registration Holders' corporate identity.
17. The Authority may add, amend, delete or substitute any of the conditions of this Registration after notifying the Registration Holder of its intention and after describing the changes to the Registration Holder. This is without prejudice to any prevailing circumstances that would preclude the Authority from following such a procedure.
18. The Registration Holder may apply for a variation of the Registration on ERIS and shall seek the Authority's written agreement prior to any operational changes, by sending to the Authority:
 - a. Written notice of the details of the proposed change, including an assessment of its possible effects or risks to the environment from the approved activity;
 - b. Any relevant supporting information;
 - c. Any relevant supporting assessments and drawings, and;
 - d. The proposed implementation date.

Any such change shall only be implemented following the issue of a variation of the Registration by the Authority.

19. The Authority's representatives may inspect and photograph any part of the site/ activity and ask for any closed or locked areas to be opened and may demand to be provided with any proof, documentation, plans, receipts or any other records.
20. This Registration including any Variation Notices or amendments to it shall be made available for any inspection by ERA Officials at all times, or any legally recognised compliance and enforcement officials, when requested.
21. The Registration Holder shall inform ERA of her/his intention to cease brokerage operations by a period of at least three months prior to which s/he is to cease such operations.
22. The Authority may suspend or revoke this Environmental Registration in line with the provisions of CAP 549.
23. Details of the Registration Holder together with the details of conditions imposed in this Registration shall be maintained by the Authority in a register available for public inspection or maintained in electronic form.
24. ERA shall not be held liable for any accidents or injuries which may occur during the activities being registered through this Registration. It is the responsibility of the Registration Holder to ensure that all safety measures are taken.
25. This Registration is without prejudice to any liability of the Registration Holder under the Act and to any measures the Authority may wish to take with respect to works/activities already carried out without Registration.
26. This registration is granted saving third party rights and without prejudice to any other legislation or regulations or authorisations required from ERA and any other competent authorities or site owners.
27. **The validity of this Registration is until and including 31/05/2023.** The Registration Holder shall apply for a renewal to this Registration on ERIS at least four (4) weeks prior to the expiry of this Registration. Renewal applications shall only be considered upon confirmation of compliance with Registration conditions and fulfilment of documentation as requested by this Registration.
28. You may appeal from this decision to the Environment and Planning Review Tribunal in accordance with Article 63 of the Environment Protection Act and with the provisions of the Environment and Planning Review Tribunal Act.
